Vasai, Maharastra | anoushkaraghuveeran@gmail.com | +91 72496 20861 | [www.linkedin.com/in/anoushkaar/](https://www.linkedin.com/in/anoushkaar/)

## SUMMARY

Full-Stack Web Developer experienced in building responsive, user-friendly interfaces and robust back-end systems. Passionate about creating seamless user experiences, integrating dynamic data, and delivering clean, efficient, and scalable solutions. Skilled in collaborating with cross-functional teams to turn ideas into functional products. Always eager to learn and adapt to new technologies to drive innovation and improve software quality.

## TECHNICAL SKILLS

- PowerBI
- SQL
- Data Visualization
- Pivot Table
- Python
- Problem Solving
- MongoDB
- HTML
- Git
- JavaScript
- React.js
- C++
- Express.js
- CSS
- Node.js
- TailwindCSS

## PROJECTS

### User Authentication System ([www.reflectify-mu60p.sevalla.app/login](http://www.reflectify-mu60p.sevalla.app/login))

- Developed a secure authentication system using Node.js, PrismaDB, and NeonDB to handle user registration, verification, and login functionalities.
- Integrated Postman for API testing and validation, ensuring accurate request handling and robust backend performance.
- Focused on secure token management and efficient database communication to maintain reliability and scalability.

### Weather Forecast Application ([www.anouweatherapp.netlify.app](http://www.anouweatherapp.netlify.app))

- Designed and built a responsive weather application to display real-time weather data based on user input, focusing on clean UI and intuitive user experience.
- Weather API to fetch and display accurate weather conditions dynamically. Implemented asynchronous JavaScript for smooth data retrieval and error handling for robust user interactions.

### Personal Portfolio with HTML, CSS & Javascript ([www.anoushkar.site](http://www.anoushkar.site))

- Designed and developed a fully responsive personal portfolio website using modern web technologies to highlight projects, technical skills, and achievements in an engaging layout.
- Integrated Formspree for seamless and secure contact form submissions, and deployed the site via Netlify with a custom domain configured through Namecheap for reliable global access.

## EDUCATION

### Bachelor of Science in Computer Science

August 2023 - April 2026

- Kishinchand Chellaram College

### High School Education

June 2021 - March 2023

- Muljibhai Mehta International School

## ADDITIONAL INFORMATION

- **Languages:** English, Hindi
- **Programming Languages:** React, JavaScript, TailwindCSS, Prisma, MongoDB, PostgreSQL, Python, C++
- **Tools and Platforms:** PowerBI, Excel (beginner), Tableau (beginner), GitHub, VSCode, Postman, Netlify.
